

## Campbell Scientific Australia Quality policy

Campbell Scientific Australia is committed to assembling and supplying rugged, reliable and accurate measurement systems to meet our customer's requirements. We conduct our business according to our core values:

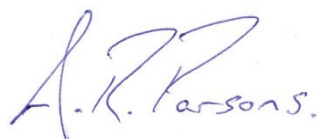

**Integrity** - Acting with honesty in our dealings, delivering on our commitments and addressing any shortcomings.

**Expertise** - Providing quality and reliable solutions to fulfill clients' needs, maintain and develop our knowledge, satisfying legal and all applicable requirements.

**Respect** - All team members have a role to play, we are committed to fostering a culture of respect for each other and our clients.

**Pride** - Meeting our clients' needs with confidence through established objectives to reinforce our offering.

**Teamwork** - Supporting each other, we continually improve our products and processes.

A handwritten signature in blue ink that reads "A. Parsons". The signature is stylized and cursive.
