

rain[e] H3

Lambrecht Meteo Weighing Precipitation Gauge

High resolution, high precision

Simple installation and
maintenance

Overview

rain[e] H3 combines the latest weighing technology with a self-emptying precision tipping bucket resulting in a high resolution and high accuracy precipitation gauge that comes in a very compact, lightweight package!

The rain[e] H3's easy installation makes it ideal for establishing new precipitation monitoring networks, or installing as an addition to existing rainfall measurement networks.

Also suitable Modbus or customised protocols!

Benefits and Features

- › High resolution and accuracy
- › Checking of sensors with tipping bucket and other weighing systems
- › All-metal housing, weatherproof and durable
- › Connectivity options for several interfaces
- › Installation and maintenance are very simple
