

weatherbrain

Environmental intelligence. Simplified.

You need to make a critical business decision, but all you have is complex, unreliable data. What you need is something that takes that data, analyzes it, and provides you with actionable intelligence so you can make confident decisions.

What you need is WeatherBrain.

WeatherBrain is an intelligent decision support system. And it's designed for people tasked with making critical decisions based on environmental factors. It takes the hassle and guesswork out of your environmental monitoring and delivers you the information you need to make the right decision at the right time.

WeatherBrain is customized to your needs. It provides you with intelligent indicators that alert you when environmental

WeatherBrain takes you from environmental measurement, to actionable intelligence, to confident decisions, as fast as you can load a webpage.

thresholds are reached so you can make confident decisions based on the most accurate, geo-relevant, and timely data available for your location.

And best of all, **WeatherBrain is hassle-free.** When you subscribe to WeatherBrain, we do all the hard work so you don't have to.

Environmental Decision Support Tailored to your Business Needs

Simple, actionable intelligence

Make confident decisions using the simplified indicators on your dashboard, or drill down for more comprehensive data when needed.

Instant reporting

With just a few clicks, generate reports that traditionally took hours to create.

Completely customizable

WeatherBrain integrates seamlessly with existing networks, and can be configured to fit any purpose.

Highest quality data

WeatherBrain collects data from Campbell Scientific Canada's reliable network of rugged systems that provide the accurate data you need and can withstand the harshest environmental conditions.

Low monthly cost and hassle-free

No hardware, installation, or maintenance costs throughout the life of your contract - just one low monthly fee to access your decision support data.

Actionable indicators

The WeatherBrain dashboard is your source for intelligent decision support indicators.

Subscribe to WeatherBrain for your environmental decision support and start making more confident decisions today!
