

Mounting Poles

Pedestal mounts—permanent or portable

Campbell Scientific offers a variety of mounting pole products, including portable masts, vertical mounting poles (with or without grounding kits), and pedestal kits. Mounting pole products are used to mount sensors, enclosures, or other instrumentation. Mounting poles differ in their length and composition material. If a mounting pole offers optional legs, you can convert the pole into a tripod for your temporary or light-duty applications.

		<i>Material</i>	<i>Length</i>	<i>Weight</i>
<p>43819 18.5 in. Mounting Pole with Cap</p> <p>Popular</p> 		304 stainless-steel pipe 1.5 NPS SCH 5	47 cm (18.5 in.)	2.95 kg (6.5 lb)
