## HUB-SDM8
### 8-Channel Hub for SDM Peripherals and Power Connections

## Weather-Tight

**Ideal for the SDM and power cable extensions**

## Overview

The HUB-SDM8 is intended for customers who want to connect up to five external SDMs to the same data logger, as well as run multiple power connections using 16 AWG wire.

The HUB-SDM8 comprises an environmental enclosure with eight compression fittings (two larger) and eight terminal strips.

## Benefits and Features

❯ Spring-loaded guillotine terminals for easy wire connection

❯ Compression fittings for cable entry that provide a more water-tight seal
